A pre-training review will also be conducted to identify any specific needs, including skills recognition or Recognition of Prior Learning (RPL) that individuals may have and other aspects of the training.

Arizona College will ensure that training and assessment occurs in accordance with the requirements of the training program and the endorsed Training Package and where appropriate, the Training Package guidelines for customising. to ensure that participants are provided with high-quality training that meets their needs.

Arizona College will use this review to provide you with the support you require in areas such as language, literacy and learning and assessment while ensuring you will get the maximum outcomes and benefits from the course you are enrolling in, according to your learning objectives, career aspirations and skill level.

Principles of Training and Assessment

Training and assessment strategies developed by Arizona College will adhere to the following principles:

- training and assessment strategies are developed for each qualification/unit of competency that will be delivered and assessed;
- all training programs will require the development of a training and assessment strategy for full and partial completion of a qualification;
- each training and assessment strategy will be developed in consultation with industry representatives, trainers, assessors and key stakeholders;
- training and assessment strategies will reflect the requirements of the relevant training package and will identify target groups;
- training and assessment strategies will be validated annually through the internal review procedures.

Principles of assessment

To ensure quality outcomes, assessment should be:

- Fair
- Flexible
- Valid
- Reliable

Fair

Fairness in assessment requires consideration of the individual learner's needs and characteristics and any reasonable adjustments that need to be applied to take account of them. It requires clear communication between the trainer and assessor and the learner to ensure that the learner is fully informed, understands and is able to participate in the assessment process, and agrees that the process is appropriate. It also includes an opportunity for the person being assessed to challenge the result of the assessment and to be re-assessed if necessary.

Flexible

To be flexible, assessments should reflect the learner's needs; provide for recognition of competencies no matter how, where or when they have been acquired; draw on a range of methods appropriate to the context, competency and the learner; and support continuous competency development.

Valid

Assessment is valid when the process is sound and assesses what it claims to assess. Validity requires that:

- assessment against the units of competency must cover the broad range of skills
- knowledge that is essential to competent performance
- assessment of knowledge and skills must be integrated with their practical application
- judgement of competence must be based on sufficient evidence (that is, evidence gathered on a number of occasions and in a range of contexts using different assessment methods).
The specific evidence requirements of each unit of competency provide advice on sufficiency

Reliable

Reliability refers to the degree to which evidence presented for assessment is consistently interpreted, and results are consistent with assessment outcomes. Reliability requires the assessor to have the essential competencies in assessment and relevant vocational competencies (or to assess in conjunction with someone who has the vocational competencies). It can only be achieved when assessors share a common interpretation of the assessment requirements of the unit(s) being assessed.

Rules of Evidence

These are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is:

- Valid
- Sufficient
- Authentic
- Current

Sufficient

Sufficiency relates to the quality and quantity of evidence assessed. It requires the collection of enough appropriate evidence to ensure that all aspects of competency have been satisfied and that competency can be demonstrated repeatedly. Supplementary sources of evidence may be necessary. The specific evidence requirements of each unit of competency provide advice on sufficiency.

Authentic

To accept evidence as authentic, an assessor must be assured that the evidence presented for assessment is the learner's own work.

Current

In assessment, currency relates to the age of the evidence presented by a learner to demonstrate that they are still competent. Competency requires demonstration of current performance, so the evidence collected must be from either the present or the very recent past.

Assessment Policy

Arizona College acknowledges the critical role that assessment plays in determining the competency of students. In developing the assessment (including RPL) for each qualification and unit of competence, the CEO will ensure:

- compliance with the assessment guidelines from the relevant training package, qualification and unit of competence of accredited course
- assessment leads to a qualification or statement of attainment under the Australian Qualifications Framework (AQF)
- assessment complies with the principles of competency-based assessment and informs the student of the purpose and context of the assessment
- the rules of evidence guide the collection of evidence to support the principles of validity and reliability

- the application of knowledge and skills is relevant to the standard expected in the workplace, including skills for managing work tasks, contingencies and the job environment
- timely and appropriate feedback is given to students
- assessment complies with Arizona College's access and equity policy
- all students have access to re-assessment on appeal

Arizona College implements an assessment system that ensures that assessment (including Recognition of Prior Learning) complies with the assessment requirements of the relevant training package or VET accredited course. Arizona College recognises that each unit of competency contains assessment requirements relating to; performance evidence, knowledge evidence and assessment conditions.

Preparation and Submission of Assessment

Arizona College may use the following assessment methods to evaluate the learner competency:

- Written/Oral tests
- Workplace Assessment
- Observations
- Role-plays
- Workbooks
- Written Tasks
- Demonstration
- Third party reports and observations
- Projects
- Other assessment methodologies which align with the qualification and learner requirements

In keeping with the principles of competency-based assessment, the determination of competence will be based on the evidence gathered on at least three occasions, rather than on isolated assessment activities or events.

Work placement may apply and relate directly to your course and assessment requirements. Check our website and/or course materials for work placement requirements.

Trainers and Assessors will gather evidence of competencies over the duration of the Training Program. Throughout each unit of competency, there will be a variety of assessment tasks, and you will be consulted during this process to ensure that your individual learning style is taken into consideration.

Don't be hesitant about assessment tasks, as they are designed to find out how you are progressing with your learning and what progress you have made towards achieving the required competence. More formal assessment strategies are used to consolidate the evidence bank that you have been developing.

Allowed attempts to demonstrate competency/ Reassessment

Arizona College allows learners two opportunities to be assessed as competent. Should a learner not achieve competence after two attempts, then it will be recommended that they repeat the unit of study. After they have exhausted two opportunities will be required to pay a fee for additional training and re-assessment. The re-assessment fee is \$150.00 per unit.

Evidence of competence

Evidence may include:

- workstation and fact sheet tests
- written answers
- trainers and assessors' observation notes
- project work
- workplace mentor evaluations
- checklists
- demonstration of skills
- in-house tests

Assessment Submission

Your trainer will suggest a suitable timeframe/deadline to submit your assessment unless otherwise mentioned in your learner assessment tool.

You must ensure that you complete all details on the Assessment Cover Sheet including your Name, Learner ID, Course Code and Course Name, and sign and date at the bottom of the cover sheet.

You must always keep a copy of your completed assessments.

Assessment Extensions

It is expected that learners will submit assessments by the due date, however we understand that where special circumstances exist, an extension of time may be required. If you do require an extension of time for an assessment, you will need to complete an Application for Assessment Extension Form (available online on our website) and send to our email address together with appropriate supporting documentation, at least 48 hours before the due date.

The following factors will **not** be regarded as suitable grounds for granting of an assessment extension:

- a. normal/routine demands of employment and employment-related travel;
- b. scheduled anticipated changes of address, moving house, etc;
- c. demands of sport or extra-curricular activity (other than to represent in state, national or international sporting or cultural events);
- d. recreational travel (domestic or international);
- e. planned events, such as a wedding.

You need to contact your Trainer/Assessor to discuss any personal/academic issues that may be impacting on your ability to study effectively.

Course Monitoring

All learners are appointed with a trainer or assessor, who is responsible for the delivery and monitoring of the qualification.

Learners who feel that they may require additional support in the learning environment as a result of disability, language, culture, gender, age or other perceived barriers should discuss this with their trainer/assessor.

Should you experience any difficulty that may be affecting your progress please discuss this with your trainer/assessor.

Review and evaluation processes will occur at regular intervals over the duration of your training program. You are encouraged to provide feedback regarding training delivery and assessment strategies to improve the quality of the learning you receive.

National Recognition - Recognition of Prior Learning (RPL) and Credit Transfers (CT)

All learners will be offered the opportunity to apply for Recognition of Prior Learning (RPL) and Credit Transfer. Learners can apply for RPL or Credit Transfer prior to commencement of the course and delivery of the relevant unit(s). RPL and Credit Transfer will be offered and processed according to Arizona College's Assessment policy and procedures.

Recognition of Prior Learning (RPL)

Prospective learners will be made aware of the RPL policy and process prior to enrolment into the program, via discussions, orientation, Pre- Enrolment and Post Enrolment student information through student handbooks and Arizona College's website.

Learners can demonstrate competency through formal, non-formal and informal learning:

1. formal learning refers to learning that takes place through a structured program of instruction and is linked to the attainment of an AQF qualification or statement of attainment (for example, a certificate, diploma or university degree);
2. non-formal learning refers to learning that takes place through a structured program of instruction, but does not lead to the attainment of an AQF qualification or statement of attainment (for example, in-house professional development programs conducted by a business); and
3. informal learning refers to learning that results through the experience of work-related, social, family, hobby or leisure activities (for example the acquisition of interpersonal skills developed through several years as a sales representative).

Learners are encouraged to apply for RPL prior to or immediately after formal enrolment but prior to the facilitated delivery of units to ensure that they do not miss any learning opportunities offered should they be unsuccessful in the RPL process.

Credit Transfer

Arizona College recognises the AQF Qualifications and Statement of Attainments issued by any other Registered Training Organisation.

The Arizona College RPL (Recognition of Prior Learning) Policy outlines in detail the specific Arizona College process to be followed for granting Recognition of Prior Learning and Credit Transfer. RPL tools, applications and documentation are available for all units of competency.

Transitioning to New Qualifications

Where a qualification or unit of competency has changed, according to the transition arrangements from the industry you may be transferred to the replacement qualification as soon as practicable. The Arizona College will inform you of any potential changes to ensure you are not in any way disadvantaged.

Access and Equity

Arizona College is an equal opportunity employer and is committed to developing policies and practices that eliminate discrimination and harassment in the workplace and also its education and training programs and in the provision of its services. Arizona College has a legal responsibility to ensure that all reasonable steps have been taken to prevent discrimination and harassment from occurring in the workplace and training environment.

We are committed to providing a fair and equitable learning and working environment for all learners and staff. In offering education program(s) as part of our Registered Training Organisation (RTO) status, we aim to provide learning programs and pathways where program design, course content and all aspects of the training and assessment process are available in a way that allows equality of educational opportunity to all learners.

We promote fair and equal access, for all learners and potential learners, regardless of characteristics such as their gender, sexuality, race, nationality, ethnic background, age, marital status, religion, pregnancy, political convictions, physical disability or intellectual impairment.

We seek to create a training and education environment free from all forms of discrimination and harassment, including sexual harassment, and which enables all learners to understand the education program in which they are enrolled/wishing to enrol to their full potential.

Arizona College recognises that it is the legal responsibility of management to take all reasonable steps to ensure that staff and learners are not subject to sexual harassment.

Racism

Arizona College is firmly committed to providing a working, teaching and learning environment that is free from racism. Racism not only denies a person's fundamental human right to respect, but it also reduces their opportunity to gain a fair share of society's valued resources, such as education and employment.

Arizona College recognises that the achievement of equal employment opportunities and equal educational outcomes is dependent on the provision of a discrimination and harassment-free environment.

Arizona College understands the community's racial and ethnic diversity and acknowledges that people from a non-English speaking background and indigenous people, in particular, have experienced and continue to experience institutional disadvantage, racial prejudice and discrimination.

Arizona College expresses an unconditional rejection of racist behaviour and its commitment to eliminate racism in its organisational structure through the provision of training programs that are equitable, accessible and culturally inclusive.

Training Evaluation/ Feedback – Quality Indicators

RTO surveys its learners and employers using the Quality Indicators.

Three Quality Indicators have been endorsed by the National Quality Council (NQC):

Learner engagement

All students complete the 'Learner Questionnaire' form upon completion of their course of study. The 'Learner Engagement Questionnaire' will be provided to students at the completion of their studies. Student Administration will issue a copy of the survey to each student when issuing a Statement of Attainment or Qualification.

All completed and returned surveys will be reviewed by the Compliance and Quality Assurance Department. The results of these surveys will be collated into reports with a summary of all responses. These reports are to be reviewed during Management Meetings.

At the completion of each calendar year, the Compliance and Quality Assurance Department is required to collate all data for the year using the '[ASQA Quality Indicator Annual Summary](#)' form.

A copy of all completed Learner Engagement surveys will be maintained for 12 months as evidence of the data collection process.

Employer Satisfaction

Arizona College must gain feedback from employers using the '[Employer Questionnaire](#)' available from the Department of Industry (<http://industry.gov.au/skills/NationalStandards/Documents/AQTFEmployerQuestionnaire.pdf>).

The 'Employer Questionnaire' form is completed by all employers once per year. At a set date each year (currently the 1st September) all employers currently engaged with Arizona College shall be sent the Employer Satisfaction Survey. These surveys will be collected and collated by the Compliance and Quality Assurance Department.

All completed and returned surveys will be reviewed by the management. The results of these surveys will be collated into reports with a summary of all responses. These reports are to be reviewed during Management Meetings.

At the completion of each calendar year, the Compliance and Quality Assurance Department is required to collate all data for the year using the '[ASQA Quality Indicator Annual Summary](#)' form.

A copy of all completed Employer Engagement surveys will be maintained for 12 months as evidence of the data collection process.

This information will be used by Arizona College to gauge how well learner needs are being met and to identify areas for improvement on training and assessment services. The results will be discussed and reviewed at the first RTO Meeting of each calendar year.

Reporting Quality Indicators Data

All data must be reported to ASQA by the 30th June of the following calendar year, and the Compliance and Quality Assurance Department will be responsible for this reporting process.

Data must be submitted using the required forms as listed on the ASQA website – [Data Provision](#)

The Learner Student Outcomes Survey (SOS)

If your training is funded by the Higher Education and Skills Group, you will be invited to participate in the National Learners Outcome Survey/ The Learner Student Outcomes Survey (SOS).

The Learner Student Outcomes Survey (SOS) is an annual survey of Learners who successfully completed some vocational training in Australia. The survey has been conducted annually by the NCVET since 1997.

The survey is funded by the Australian Government Department of Education, and Training (DET).

NCVER manages the research, analysis and reporting of the survey.

Why is the survey conducted?

The Learner Student Outcomes Survey aims to improve the economic and social outcomes of Learners who undertake vocational education and training (VET). This is achieved by providing the VET sector with information on the:

- Outcomes from training (e.g. employment and further study outcomes)
- Relevance of the training
- Benefits of the training
- Satisfaction with the training
- Reasons for not continuing the training (where applicable)

The information is used by national and state/territory bodies, along with local training providers to ensure vocational training is of high quality and relevant to Australian workplaces. The survey highlights both the positive and negative outcomes from training and monitors the effectiveness of VET system. The information collected assists in administering, planning and evaluating the VET system.

More information about this survey can be found at <http://www.ncver.edu.au/sos/faq.html>.

Complaints & Appeals

Despite all efforts of Arizona College to provide satisfactory services to its students, complaints may occasionally arise that require formal resolution or students may appeal against a complaint outcome or educational determination (e.g. assessment result).

Staff also have the right to avail themselves of this process.

Arizona College will approach all complaints and appeals with an open view and attempt to resolve issues through discussion and conciliation. Where a complaint cannot be resolved through discussion and mediation, RTO acknowledges the need for an appropriate external and independent agent to mediate between the parties.

Arizona College understands individuals' concerns regarding confidentiality and is totally committed to fair treatment respecting and upholding individuals' rights to privacy protection under the Australian Privacy Principles (APPs) contained in The Privacy Act amended 1988 (Cth). RTO respects the privacy rights of all individuals in the workplace. RTO has implemented a program to ensure compliance with the APPs.

Arizona College understands that despite all its efforts to provide satisfactory services to its students, complaints may occasionally arise that require formal resolution. Students have the opportunity to have any complaint or appeal resolved, and resolutions reached that attempt to satisfy all parties. There is no cost to the student unless the referral is made to a third party.

Complaints and appeals may be made in relation to any of the following:

- Arizona College, its trainers, assessors or other staff;

Arizona College is committed to developing a procedurally fair complaints and appeals process that is carried out free from bias, following the principles of natural justice. Through this policy and procedure, Arizona College ensures that complaints and appeals:

- are responded to consistently and transparently.
- are responded to promptly and objectively, with sensitivity and confidentiality.
- can be made at no cost to the individual.

The policy also ensures:

- a culture that views complaints and appeals as an opportunity to improve the organisation and how it works;
- a complaints and appeals system that is client focused and helps RTO to prevent these events from recurring;
- complaints and appeals are resolved promptly, objectively, with sensitivity and in complete confidentiality
- that the views of each complainant, appellant and respondent are respected and that any third-party complaint or appeal is not discriminated against nor victimised;
- that there is a consistent response to complaints and appeals;
- that students are fully informed of their right to lodge a complaint or appeal; and
- person(s) responsible for investigating the complaint will not be the subject of the complaint or appeal.

The complaints and appeals policy and procedure and form are made available to all students and potential students by directly contacting the RTO, through the RTO's website, pre-enrolment and Student Handbooks.

Where possible, all informal attempts shall be made to resolve the issue (informal complaint) this may include advice, discussions, meeting with the student, emails and general mediation about the issue and the student's issue. Any staff member can be involved in this informal process to resolve issues, but once a student has placed a formal complaint/appeal, the following procedures must be followed.

If a student is uncomfortable with speaking directly to the person involved or the informal process does not resolve the issue to the student's satisfaction, the formal process should be followed as described below.

Where a student is unhappy with the outcome of an assessment decision, this will be dealt with under assessment appeals.

Formal Complaints

Any student, potential student, employee or third party may submit a formal complaint to Arizona College with the reasonable expectation that all complaints will be treated with integrity and privacy. There is no cost for the complaint process unless it is referred to a third party. Complainants have the right to access advice and support from independent external agencies/persons at any point of the complaint and appeals process. Use of external services will be at the complainant's costs unless authorised by the Chief Executive Officer.

Any person wishing to submit a formal complaint can do so by completing the Complaints and Appeals Form and state their case, providing as many details as possible. This form can be obtained by contacting Administration staff at Arizona College, or through the Arizona College 'swebsite.

All formally submitted complaints are submitted to the Compliance Manager.

Once a formal complaint is received it will be entered into the Complaints and Appeals Register, a written acknowledgment will send to the complainant. This is regularly monitored by the Compliance Manager. The information to be contained and updated within the register is as follows:

- the name of the complainant

- type of complaint

- response from those involved in the allegations

- outcome of complaint
- action recommended to address systemic issues (if any)
- time taken to investigate complaint
- complainant satisfaction with the outcome.

A student may be assisted or accompanied by a support person at any face-to-face meetings throughout the process, regardless of the nature of the issue or complaint.

The Compliance Manager will then refer the matter to the appropriate staff members or Principal Executive Officer to resolve or make a decision on the complaint within 10 working days and keep

the complainant informed of any decisions or outcomes concluded, or processes in place to deal with the complaint.

Where a decision is expected to take longer than 60 days, Arizona College will advise the student in writing of the delay and include the reasons for the delay. After that the student will be provided with weekly updates in writing of the progress of the complaint or appeal. The Compliance Manager will provide weekly updates to both complainant and appellant. If the decision is taking more than 60 days', the matter can be forwarded to an external complaint resolution organisation.

Once a decision has been reached, the Compliance Manager will inform all parties involved in writing. Where the complaint process does not find in favour of the learner, students will be notified that they have the right of appeal. To appeal a decision, Arizona College must receive, in writing, grounds of the appeal within 10 days of the date of the notice of the decision.

The Compliance Manager ensures that Arizona College will act immediately on any complaint where the complaints process results in a decision that supports the student. Arizona College will immediately implement any decision and/or corrective and preventative actions required and advise the student of the outcome.

Copies of all documentation, outcomes and further action required will be placed on the Complaints and Appeals Register by the Compliance Manager or representative and also in the student's file.

Appealing

All students have the right to appeal decisions made by Arizona College where reasonable grounds can be established. The areas in which a student may appeal a decision made by the RTO may include:

- Any other conclusion/decision that is made after a complaint has been dealt with the RTO in the first instance as described in the complaints process above. This is referred to as a general appeal.
- Assessments decisions as set out below (assessment appeals).

To activate the appeals process, the student must complete a Complaints and Appeals Form. This is to include a summary of the grounds that the appeal is based upon. The reason the student feels the decision is unfair is to be clearly explained and help and support with this process can be gained from the RTO's staff. With regard to general appeals, The Complaints and Appeals Committee determines the validity of the appeal and organises a meeting with all parties involved in the matter and attempts to seek resolution where appropriate.

The process for all formally lodged appeals will begin within ten working days of the appeal being lodged.

The Complaints and Appeals Committee ensures Arizona College's acts on any substantiated appeal.

* The Complaints and Appeals Committee is made up of two people; these three people will be selected by this group: the CEO and Director.

General Appeals

Where a student has appealed a decision or outcome of a formal complaint, they are required to notify Arizona College in writing within 20 working days of the grounds of their appeal. Any supporting documentation should also be attached to the appeal

The appeal shall be lodged through the Complaints and Appeals Committee, and they shall record the details of the appeal the Complaints and Appeals Register.

The Complaints and Appeals Committee will be notified and will seek details regarding the initial documentation of the complaint and make a decision based on the grounds of the appeal.

The student will be notified in writing of the outcome with reasons for the decisions, and the Complaints and Appeals Register updated. The student will also be provided the option of activating the external appeals process if they are not satisfied with the outcome. The student is required to notify Arizona College if they wish to proceed with the external appeals process.

Assessment Appeals

Where a student wishes to appeal an assessment, they are required to notify their trainer in the first instance. Where appropriate the trainer may decide to re-assess the student to ensure a fair and equitable decision is gained. The trainer shall complete a written report regarding the re-assessment outlining the reasons why assessment was - or was not - granted.

If this is still not to the student's satisfaction, the student may formally lodge an appeal. They will lodge this with the Complaints and Appeals Committee, and the appeal will be entered in the Complaints and Appeals Register.

The Compliance Manager will be notified and will seek details from the trainer involved and any other relevant parties. A decision will be made regarding the appeal either indicating the assessment decision stands or details of a possible re-assessment by a third party. The third party will be another trainer appointed by Arizona College.

The student will be notified in writing of the outcome with reasons for the decision, and the Complaints and Appeals Register updated. The student will also be provided the option of activating the external appeals process if they are not satisfied with the outcome. The student is required to notify RTO if they wish to proceed with the external appeals process.

External Appeals

If not satisfied with the decision in stage 2, the complainant may request that the matter be further reviewed by an external dispute resolution process, by the body appointed by RTO for that purpose.

The details of these external bodies are as follows:

LEADR Complaints, Appeals and Resolution Department

<https://www.leadriama.org/aboutleadr/compliments-suggestions-and-complaints>

Or

Legal Aid NSW

92-100 Donnison St

Gosford NSW 2250

Telephone: 1300 888 529

The division of the expenses associated with the mediation, e.g. mediator's fee, room hire and possibly travel expenses are to be shared equally between the RTO and the complainant.

Arizona College will immediately implement recommendations arising from the external review within at least 10 working days of the receipt of the recommendations.

- all parties to a complaint or appeal have the opportunity to put their case and have this properly considered
- any allegation against an Arizona College staff member or member of a subcontractor party is made known to that person
- investigations and decisions are made by persons who do not exercise bias
- a complainant should feel confident that they will not suffer any discrimination as a result of using the complaint or appeal process
- confidentiality shall be maintained to the extent of the people that need to be directly involved in the complaint or appeal process.
- all the information regarding this policy can be found:
 - on the RTO website;
 - in the Pre-Enrolment Handbook and Learner Handbook;
 - in the Staff Handbook;

- it is normal RTO policy that while a student is going through any formal complaint or appeals process that the student remains enrolled at the RTO and continues their studies and assessments. It should be noted that if the complaint or appeal has resulted in the student being suspended or excluded due to a breach of the Student Code of Conduct, then the suspension or exclusion shall continue until either it has expired, or the result of the complaint or appeal is decided in the student's favour.

- the RTO has a fair and transparent informal and formal complaints and appeals process, but should the student require it; access is available to an independent mediator who can review the complaint and/or appeals process.

Important: see notes at the beginning of section on External Appeals Procedure below.

NOTE: If the outcome is in the appellant's favour then the RTO will implement any changes recommended by the adjudicator immediately and advise the appellant of the outcome and actions taken.

Unique Learner Identifier (USI)

A USI is required by all Australians undertaking nationally recognised training. It allows students to link to a secure online record of all qualifications gained regardless of the provider. This system was implemented by the Australian Government in 2015, so it will show student achievements from 1 January 2015 onwards.

As an RTO, ARIZONA COLLEGE cannot issue Certificates or Statements of Attainment without a USI. Therefore, it is mandatory that all students supply their USI upon enrolment.

If you do not have a USI, please visit <https://www.usi.gov.au/students/create-your-usi> for more information, and instructions on how to apply.

Your USI will help keep your training records and results together in an online account controlled by you. Each time you enrol to study with a new training organisation, your USI will be used to store your training records and results.

By having a USI you will be able to access your training records and results (or transcript) whenever you need them. For example, for a new employer or when you enrol to study at a new training organisation. Your USI can be accessed online from your computer, tablet or smartphone and gives you access to your training records and results at your fingertips. For further information about the USI can be found at:

<http://www.usi.gov.au/Pages/default.aspx>

Should a USI exemption apply, the student is made aware before enrolment or training that their training results will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the USI Registrar

USI Exemptions apply according to the following criteria:

Exemption categories are:

- International students who complete all requirements for their VET qualification or VET statement of attainment outside Australia.
- An individual who has completed all the requirements for the VET qualification or VET statement of attainment before 1 January 2015.
- Students who demonstrate a genuine personal objection to being assigned a USI. This exemption can only be granted by the Student Identifiers Registrar.

Referencing

Assessments must be your own original work. If you use another person's ideas, writing or work and do not acknowledge the original source, you are committing plagiarism. Referencing is a way of showing that you are engaging with the literature in your subject area without plagiarising.

Referencing serves several important purposes:

- acknowledges sources of information, so you are not accused of plagiarism
- demonstrates the depth and quality of the research you have done
- allows others to locate sources you have used if they wish to know more

A guide to referencing

SOURCE OF INFORMATION	SHOULD YOU PROVIDE A REFERENCE?
Books, newspapers, journals, magazines, theses, conference papers, reports, pamphlets (published or online)	Yes
Case law, legislation, parliamentary debates, treaties	Yes
The internet	Yes. It is a common misunderstanding that information on the internet does not need acknowledgement. You should use material found on the internet with caution, as it may be unreliable or out of date.
TV, radio, scripts	Yes. While you are listening, you should note the program name and the date of broadcast. Sometimes it is possible to obtain a transcript to check that you have heard correctly.
Videos, films, DVDs	Yes. There are specific conventions for referencing visual media.
Lectures	It depends. There are three possibilities: <ol style="list-style-type: none"> 1. If the lecturer mentions something which is general knowledge, there is no need for the lecturer, or you, to provide a reference. 2. If the lecturer presents her/his own idea, you should reference this as the lecturer's idea. 3. If the lecturer presents another author's idea, you should refer to both sources: the original author, and the lecturer who presents the idea. <i>However, in most cases, instead of relying upon your lecturer's reference, it would be more valuable for you to read the original author yourself.</i>
Illustrations, images, artwork, tables, graphs, programming codes	Yes. You need to acknowledge the source of drawings, photographs, graphs, designs, tables, programming codes and all other examples of non-verbal information that you use in your work.
Quotations	Yes. In referencing quotes, be careful to use quotation marks, and be careful not to change any words.
Paraphrases, summaries	Yes. When expressing the information or ideas of someone else in different words or in a briefer form, you must still acknowledge the source of the information or ideas.
Common knowledge	You don't need to provide a reference for common knowledge - that is, information shared by many people. It

is sometimes difficult to know what is and what is not common knowledge in your field of study. If you read or hear the same information many times from different sources, it is probably common knowledge. Common knowledge usually includes major historical events, famous people and geographic areas that are known about by educated people throughout the world, not just in the country in which they occurred.

If the information is not common knowledge, you should provide a reference. This shows your reader that the idea is held by an expert in the field. It also demonstrates to your lecturer that you have been reading academic texts.

Plagiarism

Plagiarism is taking the words, theories, creations or ideas of another person and passing them off as your own.

Plagiarism can be deliberate – copying a passage from a book or journal or pasting something from the internet into an assignment without referencing the original source.

You can also commit inadvertent plagiarism which is where you unintentionally repeat some of the information you have read in the course of your research. You must ensure you do reference all material that comes from another source so question yourself as to whether you have read the information elsewhere and go back to your sources to locate the reference.

Plagiarism can also result from not referencing correctly. You must ensure you know how to reference your work using the style advised by your trainer/assessor.

Consequences of Plagiarism

All forms of plagiarism will be taken seriously - deliberate or not!

Plagiarism is a serious issue that can result in failing an assignment, or even having to leave the course.

General Information - The Australian Qualifications Framework and lifelong learning

The purpose of Australian Qualifications Framework (AQF) is to provide a comprehensive, consistent framework for all qualifications offered on a national basis in post-compulsory education and training. The framework aims to encourage lifelong learning.

The Australian Qualifications Framework (AQF) attempts to do so by providing individuals with better scope to progress through the levels of education and training by improving access to qualifications, by more clearly defining avenues for achievement and by promoting national and international recognition of qualifications offered in Australia.

AQF Commitment

The AQF makes a specific commitment to flexible, transparent and systematic learning pathways and to the removal of boundaries between educational sectors.

Lifelong learning implies a dynamic view of education and training, building strong linkages between learning at different stages of life and in a wide range of settings and partnerships rather than just looking at various forms of education and training provision in isolation from each other. The departures from existing views of education and learning are substantial. They involve recognition of a wide range of learning modes, strengthening the motivation to learn (wide range of learning opportunities, opportunity to combine classroom learning with learning in work settings etc.), and providing a wide variety of pathways not constrained by rigid notions of formal education and training.

Many of the goals of the AQF support such an alternative view of education and learning needed to promote lifelong learning. These goals include:

- bringing together the qualifications issued by the schools, VET and higher education sectors into a single comprehensive system of titles and standards
- supporting flexible education and training pathways between sectors and lifelong learning
- encouraging parity of esteem between academic and vocational qualifications
- offering flexibility to suit the diversity of purposes of education and training and provide for the differences in the constitution of the sectors
- encouraging cross-sectoral partnerships
- underpinning national policies, in particular on quality assurance and articulation and credit transfer.

Graduating from Arizona College or another Australian Qualification Framework (AQF) provider can qualify you for entry to University.

Benefits of obtaining an AQF Nationally Accredited Training Qualification

- Obtaining a qualification is the first step to a rewarding career or advancement in your existing career or workplace;
- Learners receive a nationally recognised industry qualification;
- Learners are provided with knowledge and skills enabling them to develop a career path;

- Learners have a personal Training Plan which reflects their skill development needs.
